

There are three different roles for user (admin, decision maker, and general users).

User can upload a sheet using the Upload button.

After using file explorer to choose the file, the following question list will appear

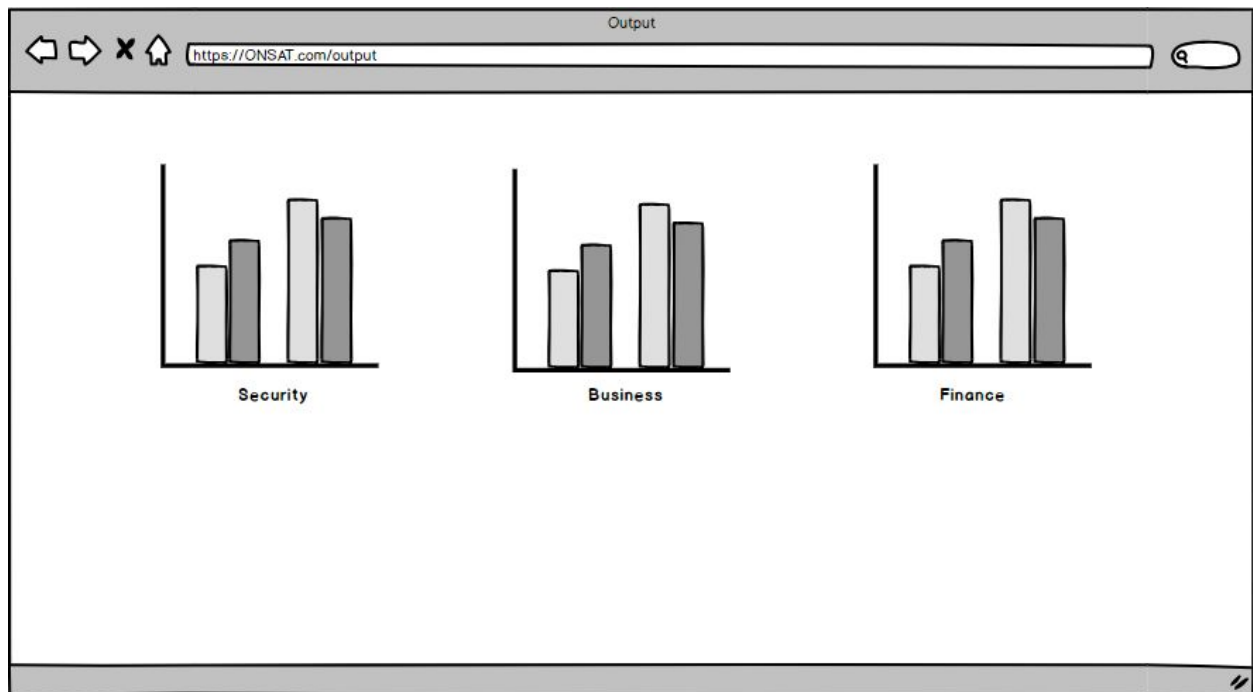

General user upload evidence to concrete the answers and decision maker or administrator validate the company's answer

Home	Input	Formulae	Output
A. SERVICE PROVIDER IDENTIFICATION			
1	[Redacted]	Level	0.3 Upload Validate
2	[Redacted]	Level	0.4 Upload Validate
3	[Redacted]	Level	0.3 Upload Validate
B. BUSINESS OWNER PROFILE			
1	[Redacted]	Level	0.3 Upload Validate
2	[Redacted]	Level	0.4 Upload Validate

The data formula is displayed by customer requests

Home	Input	Formulae	Output
A. SERVICE PROVIDER IDENTIFICATION			
1	[Redacted]	Level	0.3 Upload Validate
2	[Redacted]	Level	0.4 Upload Validate
3	[Redacted]	Level	0.3 Upload Validate
B. BUSINESS OWNER PROFILE			
1	[Redacted]	Level	0.3 Upload Validate
2	[Redacted]	Level	0.4 Upload Validate

After assessing each category, the result will display

Decision maker and Validator can add course of actions(scenarios)

The screenshot shows a web browser window titled "Questions" with the URL "http://ONSAT.com/coa". The page displays the "Outsourcing of Network Services Assessment Tool" interface. The interface has a navigation bar with links: Home, Input, Formulae, and Output. The "Input" tab is selected. Below the navigation bar, there is a table with the following structure:

Index	Description	
A		More about
B		More about
C		More about

Below the table, there is a link: "Add more course of actions".
